

Scituate Planning Board

APPLICATION FOR APPROVAL OF A DEFINITIVE SUBDIVISION PLAN

General Information for Applicants:

Any proposal that impacts, or involves any change in, or additional connections to, town sewer or the municipal water supply must present a preliminary plan to the Sewer or Water Commissioners detailing the existing and proposed water and sewer usage before filing an application with the Planning Board.

It is strongly recommended that all applicants meet first with the Town Planner, then schedule an informal discussion with the Planning Board, prior to filing an application for a Definitive Plan. Sketches or draft plans should be brought to these discussions. Applicants are also encouraged to informally review location of infrastructure with the Conservation Commission, and location and installation of water and storm drainage systems proposed to connect to the town system, with the DPW.

The Planning Board reserves the right to disapprove incomplete submissions at any time if, in its opinion, review of the plan is hampered by the absence of required information. In the event that incomplete plans are submitted to the Board, after opening a Public Hearing, the Board may vote to disapprove the plan and return plans to the applicant as incomplete. The Board shall cite those specific regulations with which the plan is not in compliance in a letter noting the reason for the Board's action, which shall be filed with the Town Clerk. In the event of such disapproval, the Board reserves the right to retain any filing or review fees.

Checklist for Applicants:

The following must be included with all applications for Definitive Plans:

- ___ 1) Seventeen copies of this form, the deed to the property, and if the application is submitted by anyone other than the owner, either a signed purchase and sale agreement or a letter signed by the owner authorizing submission by the applicant.
- ___ 2) A mylar and 17 copies of the plan including all required sheets as per Town of Scituate Subdivision Rules and Regulations Section 6.3.2, prepared in accordance with Section 6.3.3, Definitive Plan. If property is within the Water Resources Protection District, 18 copies of applications and plans are required. All plan copies must be folded.
- ___ 3) 18 copies of required supporting documentation described in Town of Scituate Subdivision Rules and Regulations, Section 6.3.4.
- ___ 4) 9 copies of drainage calculations, drainage watershed plans, and additional drainage information required by the Subdivision Rules and Regulations.
- ___ 5) A check made out to the Town of Scituate for \$1,000 + \$30 per lot, or \$1,000 + \$60 per lot if no Preliminary Plan was filed; and a 2nd check for \$5000 made out to the Town of Scituate for review of drainage and traffic circulation by the Planning Board's engineering and traffic consultants.
- ___ 6) A certified list of abutters from the Town of Scituate Assessor's Office.
- ___ 7) The most recent tax bill showing all taxes due on the property are paid in full.
